

ARef-09 - Administrator Reference Sheet – How to Add and Disable Locations and Areas.

Steps	Action	What it looks like
1.	<p>Click on the Administer Locations link in the side bar.</p> <p>This navigates to the Locations screen.</p>	
2.	<p>The Locations screen shows a list of all Locations in your organisation where students are placed.</p> <p>To navigate to the:</p> <ol style="list-style-type: none"> 1. Create Location screen, click the Create new Location button. 2. Location Details screen, click the Manage button. 	
3.	<p>In the Create Location screen, type in the Name and Abbreviation of the new Location and then choose the corresponding option for that Location in the Time zone drop down list.</p> <p>Click the Save button.</p>	

4. In the Location Details screen you can modify the name and abbreviation in the default tab.

You can also:

1. View the list of Areas assigned to this Location by clicking on the **Areas** tab.
2. Documents can be added to a specific Discipline and Area within a Location by clicking the **Documents** tab.
3. Decommission this entire Location by clicking the **Decommission** button.
4. Navigate to the Manage Area screen by clicking the corresponding **Manage** button.
5. Add a new Area by typing the **Abbreviation** and **Name** fields and clicking the **Add** button.
6. Limit the **Education Providers** allowed to request placements to this location

5. In the Manage Area screen you can:

1. Edit the **Name** and **Abbreviation**, and/or enter the **Address, Email** and **Phone** details of the Area by typing into the corresponding fields.
2. Decommission this entire Area by clicking the **Decommission** button.

This screen is also where you access all of the configuration details for the Area as covered in Reference sheet *ARef-10*.
