SPOT
Student Placement Online Tool

SPOT Upgrade Notes – 15-02-2018

#	Change	Roles with new function	Reference sheets updated	What it looks like
1.	**NEW FEATURE** **Area Requests – Placement Request:** This allows an Education Provider to request specific areas within an organisation for students to be placed, which is then reviewed by the Director.	Education Provider, Director	**DRef-01 -** Placement Request Approval Process **DRef-12 -** Reviewing Previous Placement Requests **EPRef-01 –** Creating a Placement Request	
2.	**IMPROVEMENT** **Fixed** an issue to stop students viewing documents related to previous placements.			
3.	**IMPROVEMENT** **Fixed** an issue that sometimes stopped system generated emails from being sent.			
4.	**IMPROVEMENT** **Fixed** an issue that sometimes meant system generated emails were flagged as spoof emails by external users.			
5.	**IMPROVEMENT** **Fixed** an issue that displayed the incorrect ‘ in certain screens.			
6.	**IMPROVEMENT** **Fixed** an issue that allows sidebar data to cache in SPOT to improve speed.			
7.	**IMPROVEMENT** **Fixed** an issue that allows time zone data to cache in SPOT to improve speed.			
8.	**IMPROVEMENT** **Fixed** an issue that caused evaluation forms would time out in SPOT to improve speed.			
9.	**IMPROVEMENT** **Improved** efficiency of completing tasks by allowing users with Education Provider access to edit an approved placement only if they also have Director access i.e. no longer have to edit the request only from Director dashboard to edit a request.
