SPOT Upgrade Notes – 13-02-2014

#	Function	Roles with new function	Reference sheets updated	What it looks like
1.	**NEW FUNCTION** **Add, Delete** and **Edit** a ***Shift Template***. A Shift Template is a pattern (roster) of Shifts, created for a selected Student Group and Area(s) of between 1 and 30 weeks. It can then be used to assign to a student of the corresponding Student Group in the corresponding Area(s), booking the shifts in one go.
